

Newbrough and Wark C of E Primaries - MUSIC - Action Plan - 2025/26

Intent	Implementation	Timescale	Impact/Success Criteria
Embed and align Music Express across both schools	The Music Coordinator will review and align the two-year Music Express programme across both schools. Share agreed units and resources, ensure weekly lessons, and address gaps or duplication.	Autumn 2026, then ongoing	A clear, shared progression is in place across both schools. Planning and lesson delivery are consistent, with all pupils receiving their curriculum entitlement. Staff know which units to teach and can access the required resources.
Broaden singing opportunities beyond school	Maintain singing assemblies and a shared repertoire. Secure at least one suitable external performance opportunity, jointly where appropriate.	Explore during Autumn 2026; participation during 2026/27	Pupils sing regularly and confidently in school. Pupils have the opportunity to perform for an audience beyond their own school community. A sustainable external singing link or event is identified for future years.
Develop the new Music Coordinator's subject leadership and monitoring experience	The Music Coordinator will review provision, planning and resources across both schools. Gather staff and pupil feedback, monitor teaching, and report priorities to senior leaders.	Autumn 2026 to Summer 2027	The coordinator has first-hand experience of subject monitoring across two schools. Strengths, inconsistencies and development needs are clearly identified. Monitoring evidence informs practical support, resourcing and future priorities.
Sustain access to instrumental tuition and specialist music teaching	Continue agreed specialist provision and map instrumental opportunities across both schools. Review participation and address gaps in access.	Across 2026/27	Pupils across both schools experience specialist instrumental teaching. Provision is planned coherently and access is reviewed across year groups.
